TANGIER TEMPLE

Dispensation April 15, 1889 Charter June 23, 1890

Membership January 1, 1975, 5212

Tangier Temple was founded April 24, 1889. It was instituted by the officers of Sesostris Temple of Lincoln, whose officers conducted the installation. Gustave Anderson was the first Illustrious Potentate and later became Sovereign Grand Inspector General of the Scottish Rite in Nebraska. Henry C. Akin, the first Chief Rabban, later enjoyed the distinction of elevation to the position of Imperial Potentate of the Ancient Arabic Order of Nobles of the Mystic Shrine of North America.

In 1892, Tangier Temple was host to the Imperial Session. While the session was much smaller than the present ones, notes from the past indicate they made up for this in enthusiasm and fun. Entertainment included coaching parties and carriage drives from the Paxton, Millard and Murray Hotels to Hanscom Park, Bayliss Park and to Fort Omaha to walk through the Indian Quarters. There were also excursions by train to the Stock Yards, Waterworks and Smelting Works. William "Buffalo Bill" Cody was initiated into Tangier in the Spring of 1892.

There have been many outstanding personalities in the Nobility of Tangier. Its 85 years of history reflects a splendid record of achievement. It was one of our Nobles who introduced the resolution in the Imperial Council establishing the Shriner's Hospitals for Crippled Children. It has truly been said that it was the most useful, philanthropic work ever undertaken by any organization, and was the inspiration and guide to many others and a Godsend to thousands of crippled children.

Our 85 years of history represent an excellent foundation, and it is the hope of the Nobility of Tangier and its leadership that we shall continue to build a super-structure worthy of this foundation. With our eyes on the future, we are dedicated to making the world a happier place in which to live.
